TECHNICAL INFORMATION

DESIGNER: MAURO LIPPARINI

The Campus collection, designed by Mauro Lipparini, evokes an evergreen design with rigorous contemporaneity. A mix of light historical quotes are highlighted in the sideboard: the graphic linearity of the backlighted doors (with sticks of solid wood and smoked glass) is combined with the roundness of the container volume, with rounded edges, as well as with the slender legs, creating an elegant mélange of solid wood contrasting with the metal in high thickness.

PRODUCT DETAILS

- Laser-cut, polished and nickel-plated steel base in galvanic and champagne-coloured liquid painted.
- The metal base has details with inserts in solid tobacco finishing ash wood.
- Frame in MDF veneered elm finished tobacco. The sideboard is veneered in wood also in the inside.
- Removable drawers in elm veneered plywood with optional internal parts.
- Side doors with frame and details in solid wood strips of tobacco finishing ash wood, embellished with transparent tempered bronze glass.
- Interior shelves in tempered bronze glass.
- The sideboard is equipped with an optional battery-operated light kit with an opening sensor in the side compartments.
- Fully finished furniture back.
